Dear Taylor and Emelie, I am so glad that I was able to visit with you both and your Mom before she passed away. I am so sorry for your loss but I know you both have wonderful memories of the things you did together with your Mom. With love and best wishes. Janet

For the brief conversations I've shared with her she was a very thoughtful and lovely person to be around. I heavily regret not being able to get to know her more. May she rest in peace.
