Barbara, I have no words... Lisa and I were so close through our high school years. We had so so so much fun. I loved being at your home. I loved you Ken Doug and Steve, but most of all I loved Lisa. She was the beat in my heart, so fun and witty and full of life. She helped teach me that life was an adventure. We laughed all of the time. The ping pong, the piano, the 'big screen tv' downstairs, the ebelscivers, the love that was omitted throughout the family home was huge. My heart has been broken, nothing compared to yours, but nonetheless, broken. I wish you happiness Barb.... you and your entire family

Rest in heaven Aunt Lisa… Heaven gained another Angel and you will be missed. My daddy is in good company. Love you forever.

I just had the most vivid dream about you Lisa, so much so I had to look you up on google, and right now with the radio playing in the background, the song -- I Like Dreaming , life is strange sometimes, I didn't want to see the news you have left, I always thought we would meet again, years ago we had good times, and when you contacted me a few years ago I thought everything was ok, remembering Samantha Thomas and Robert Adams ---- my condolences to your family, and hopefully they know you are watching over them++- watch over me as well ---- I Love Ya Lisa, fly high and thanks for visiting me tonight, I can feel you smiling at me
