She was such a lovely and kind friend. I met her at Victoria Woods. I happy she is home with her Heavenly Father. My heart felt condolences for her family and friends.

I love Loida! I was her minister sister and I really felt her like my sister!

I was so sad to see this. I recently moved back to Utah I wanted to look up my dear friend. I loved her as a baby sister. I will never ever forget her or the time we spent as she waited for those most precious lungs. I pray for her sweet girls and their families.
