Lois is a beautiful, kind, and gracious woman whom I came to admire during our short acquaintance. She surely will be sorely missed by Ed, children, spouses, grandchildren and multiple friends. May you all be comforted that she presently resides in a peaceful environment surrounded by family/loved ones passed on before. May the Spirit continue to comfort and guide you this day and always. Respectively and lovingly, Lola Cook

I had the privilege of golfing with Lois for many years. She was a wonderful, soft spoken and encouraging playing partner. She was so kind to me when I joined the country club and I will always remember her for her loving friendship and travel stories. She will be missed by all of us ladies. Sending my love. Harmony
