Dear Kelly and family, What a beautiful tribute to an amazing lady! It was so fun to get to know her better! Now we know why her three sons are incredible men, themselves. Each of your memories were priceless! Love you and your sweet family! My mother died Oct 21, 2022 at 90 and I still miss her. Now that I know she is in heaven, I'm not afraid of death. I loved the scripture 2Ne 32:3. Yes, she will be with you and how fun that she actually talked about how she would connect with you and her way of communicating. It is real! Love your family, soo much!
