Condolences and God bless the Harmer family!!

- Jim Boyce

I loved the Harmer family from the time we moved to Holladay in 1984—especially Larry, Sarah, and Jon-Paul. Larry had such capacity for good and fun, and everyone in our priest quorum admired him. I still remember when he came to watch Cam quarterback at OHS, it meant the world—Larry truly mentored and inspired him. I just learned of his passing this afternoon and am heartbroken I missed his celebration of life. With much admiration and love, Richard

We loved you Larry. You were a fun guy to have around and will be greatly missed. -An ole BYU teammate

I met Larry in Kaohsiung Taiwan while serving a mission back in 1991. He has left an indelible impression on me throughout my life. Hard working, funny, loves our Savior Jesus Christ, a man of high integrity, and committed to God, family and friends. Although I was only in touch with Larry occasionally, my heart sank when I learned of his passing. The light and positivity he brought into the world will be missed by so many. My heart and prayers go out to his wife (Elizabeth), his children, and his network of extended family and friends that looked to him for inspiration and friendship. I love Larry and will delight in seeing him again when I am called home. God bless!

I am so sorry to hear about Larry's passing. I am heartbroken for your loss of such an outstanding and incredible person! I hope you can find countless tender mercies that only the Lord can provide to you during this difficult time. Larry & I were at BYU together and he played football with my brothers. I might still own my Bug-a-boo waterproof jacket- one of his first business ventures. We had so many fun times! The last time our paths crossed about 15 years ago on the way into a BYU game. It was so fun to catch up upon his amazing family. He loves each of you so much! I am grateful for the knowledge that friendships are eternal and bonds will continue to last forever. May you continue to be blessed by his example and love. Harmer to Heaven!!! ■■■

I just found out that Larry passed. I am deeply sorry for your family's loss. Larry and I worked together at PwC under Arte Nathan. Larry's humility, strong family values and commitment to his relationship with Jesus Christ, created a foundation from which he was able to minister to others. He put others before himself, never asking for anything in return. His intelligence was what people noticed first when working with him, but his real super power was the way he used this strength to lift others up. May you find peace and strength in gathering together as a family and may the way Larry lived, loved, laughed, learned, and leaned into the Lord be gifts that stand as a legacy in your family for generations to come. With deep sympathy for your loss.
