

Lorin B. Hatch

April 24, 1926 ~ December 21, 2023

My sympathies go out to you in his family. He always struck me as a kind and sociable man. I liked all of his Family on the few occasions I was able to be with them. I'm sure he now will be watching over you all while hes not busy getting to know his ancestors and complete his callings. Your parting will be but a short sorrow. Roy Jaffray

Condolences to the family of uncle Lorin. Good man through and through, and always with a smile on his face. Although I will not be attending the funeral personally I will be there in spirit. Sending you love and a hug through this note.
