Much love from the family of Lee and Amy Valentine.

- Cristy Valentine

Dear Pace family - I first met Lorin in 1988 or 89 when he had his law practice office at the Beneficial Life Tower in downtown SLC, where I was the office manager. Little did I know that 15 years later I would be living next door to his daughter Deanna, and then later taking a lovely excursion to Mexico with the Pace family! What an amazing man in every way. It was an honor to rub shoulders with him. I am sending love and prayers to all who miss him until you meet again.

Dearest Pace Family, I'm sure my parents, Grant and Sharol Wilson, have rejoiced at seeing their dear friend again. Grant and Lorin were born within a month of each other. Their lives were intertwined when Grant and Lorin became dear friends in the military. Both served missions after their release at the end of the war. Attended the same universities. Each had 10 kids and they and their wives served many missions for the Church. Both of the oldest sons were named after the other. Grant is a year older, the age of my older sister and Lee is my age. I have been so proud my whole life to go by the name of your father after whom I was named. It's a small world in the church and I have a story to share about someone I met here in Mexico that he taught and baptized in Argentina. If someone in the family could reach out to me, I'd love to share it. I can be reached at lwilson2@silverstar.com Blessings to your dear family as you reflect on the great heritage you have as children of Lorin and Marylynn Pace. With the kindest of regards.....Lorin Wilson

We will truly miss our dear friend Lorin. He was always a great friend and neighbor and we looked forward to his visit at our home and later at his home. Many times over the years he would bring us freshly baked homemade apple pies hot from the oven made by his lovely wife Marylynn. Always delicious!! We would spend time talking

about gardening, the legislature, as well as local and world events. We enjoyed hearing the stories about his travels over the years. Every spring he would bring us tomato plants and then we would return them to him in the form of homemade tomato soup. He would always have great gardening tips that he would share with us. Later when he no longer could visit at our home he would mail us gardening tips that he had clipped from the newspaper, as well as many soup recipes that Marsha would use to create the soups that we would share with him. He was just an awesome person and we are blessed and honored that we had him in our lives. He was truly an wonderful and inspiring sole. We will miss him dearly.

Me siento triste porque ya no lo veré más, pero estoy muy feliz por saber que tenía una gran fe en la doctrina de Dios, una doctrina que nos da esperanza de re-encontrarnos con nuestros seres queridos de nuevo. Así que, se con certeza que ya se ha reunido con su querida, bella y amada esposa. Estoy muy feliz de tener el privilegio de haberles conocido Tan bellos siempre! Físicamente e espiritual, con más razón! Disfruté tantas veces de sus largas charlas, tan interesantes historias! Asta vernos con el Rey guapo hermoso! El cielo está de fiesta porque un ángel regresó a su hogar ■■■■ Lo siento mucho familia hermosa, debe ser tan difícil perder un padre, un abuelo. Una parte de inteligencia se ha ido, cuanta sabiduría le hará falta a este mundo ahora. Mi sentido pésame, para mi también, esto duele mucho! ■■
