We are all saddened by the sudden passing of Lorrie. He was our friend and we will always remember his smile as well as his contagious laugh. We aren't going to be able to make it to his funeral services, but we want Lorries family to know how much we loved him and we hope all of you can find some kind of peace during this difficult time. Love David and Suzanne Cates and all of us at Lees Roundup

Lorrie was awesome. Grew up playing basketball in PG with him. Then it was surprising to see see him in the same mission, Maracaibo, Venezuela. Though we didn't stay in close contact it was always a real treat to run into him at restaurants, and mission reunions. He always made me feel like we were best of friends despite time in between visits. Condolences to his wife and family. Kendall Brinkerhoff

He will truly be messed I am so thankful for him and his family for all they did for us over the years especially when it came to Ronnie but we all became good friends can't help not be coming friends with people like Lorrie! His family is in our hearts and prayers and we are here for his kids if they ever need a shoulder to lean on!

Wow, life is fragile! I served with Lorrie on the mission and had some great times! I remember that he taught me how to sing when we went caroling on Christmas in Maracaibo and we always had a competition to see who had the biggest forearms. He was a lot of fun. Later, back home in Utah as a college student, I worked for a bit for Lorrie’s mortgage business. I loved his zeal for life! God bless his wife, kids and family! Dave Hoffman

I am sad to hear of Lorrie passing. I knew Lorrie through his Sister Shawny while in High School. Shawny, Lorrie and his family was a bright spot for me. I am grateful to have had their friendships. It meant more then they will ever know. I hope all who had the pleasure to get to know him can focus on the good memories. My sincere condolences. Dorothy
