Becky, I'm saddened to learn of the passing of your mom. She was the nicest woman and I will always remember her kindness to me. God bless LouAnn and all who loved her. Dave

So many fond memories of LouAnn as a kid. I remember watching her put pin curls in her hair without a mirror and wanting one of the cool towel robes she would make. I loved hearing her laugh, as it made me laugh. It was one of a kind. She made an impact on me as a primary teacher and it always stayed with me. She gave me one of the best friends I could ever have. I'm thankful for knowing LouAnn and her presence in my life. My heart breaks for her family though, as she will certainly be missed. Sending my condolences to them and prayers for comfort and peace during this difficult time.
