Ole Louis “S”…. He is a great guy and a fun one to have around on hunting trips. If him and Peter “a” weren’t around, who would’ve given my dad (Paul “l”) hell? He always thought that deer were “over the next hill”. No matter how many hills we went over, it was always the next one. I remember a time when we saw a four-point bug that was wounded running away from us about four or 500 yards away. And he got down and thought he would take a couple shots at it just to put it out of its misery. And the first one was a little low he adjusted and hit the second one getting the deer. He was a very good shot and very pleasant to be around. He will be missed dearly but I’m sure that God has a work for him to do. Love you Lou
