

Louis Frank Hribar

December 21, 1935 ~ February 12, 2022

Lou and I were great friends since the 5th grade. We loved his mild kind manner and followed each other's lives. We spent many years with our families together for New Years and summer pool parties. Lou always managed to visit us as Wayne and I moved to our 20 homes. We could talk for hours about our families, sports, "our youth" or his leadership and love for his church. We will miss Lou's encouraging manner and our many phone calls through out the years. Love to all of his family. With love from, Nancy and Wayne Peterson

My condolences to all of the Hribar family. I will miss Louis. I was fortunate to visit with he and Judy when I was in Salt Lake City in 2015 and also talk with him on the phone more recently. He valued family and family history and I am blessed to be a part of his. Your cousin Chris

- Christine Hoeffner

Oh dear- I just saw the obituary and completely missed Lou's funeral... I am so sad because I would have been there! I loved Judy and Lou dearly. We spent many good times together, always feeling we were, are kindred spirits. I was able to spend time with Judy's wonderful mother in Nauvoo IL. I love you girls and miss all of you very very much! With my love, Adele Collipriest
