I am so sorry to hear ■ about Miss Rounds I will FOREVER remember her. She was my Advisory teacher for 3 years at West Lake Junior high school. She was always very kind, I loved her so much. ❤■ Awesome teacher!

I was fortunate to be able to associate with her the University Hospital Cardio Rehab. She was very friendly and fun to work out with as she fit in with 8 or 9 men. I had to leave before she did, but Dom Lomardi kept informed of her health issues for a while. But, she was a very pleasant person and I'm sure she will be missed by family and those who knew her.

One of my favorite teachers. She taught me so much more than the curriculum. She taught me kindness, generosity, honesty. Imagine being an 8th grader with nobody caring about you at home, not caring if you went to school or not, you just live assuming nobody cares about you. Louise Rounds showed me something different. When she asked why I was always late to school I told her I did not have an alarm clock. She paired up with Ms. Hagen and they bought one for me. It was very shocking to me that a teacher would care about a bad kid like me. She helped me learn to be a good writer on the school paper, she taught me the importance of honesty in journalism and life. I will never forget the love she showed me and the example of a quality person. All love in the universe to her and to her family and friends.

One of the best teachers West Lake Jr high ever had. She was such a great person. Always waving & saying hello at students whether you were in her class or not. Later on my son had her and she made his confidence grow from 7th-9th grade. The kids surely loved her. She will be missed dearly. Rest in paradise Miss Rounds. Xoxo

I loved Louise. We were friends which grew out of the relationship we had as therapist and patient in American Fork Heritage Care. She was such a lovely lady and I was honored to serve as her Speech Language Pathologist until she was able to return home to Crescent Senior Living. I looked forward each day to our time together before, during and after dialysis. We had the most fun conversations and time together. I went to surprise visit her at Crescent but she was out grocery shopping at te time so I missed her. We have texted each other since then but I am so sorry to find she has passed. But knowing Louise I know she is having a happy reunion with those she loves on the other side. What a privilege to have known her for a little while here. My heart goes out to her family. She will certainly be missed by so many who loved her including me!
