So sorry for your loss. It is always hard to say goodbye to a parent

- John & Rosemary Myers

I miss your sweet countenance already, Louise! We've had several good conversations these last few years...after my own parents, Norm and Beth passed. You were always so encouraging and cheerful; recalling times past when both our families moved in the same circles in Golden Ward for so many years together. Wow! I still recall when your beloved Arnie was ill years back and they found it necessary to help him leave the chapel on west 32nd Ave ward building. That was a difficult time but they were very sincere in their desire to assist him the best they knew how; I was in the Sacrament meeting that day. And growing up with Laura (my mom's name was Laura and also one of my sisters) so another in common thing. Wow! I wish your family many blessings and special comfort at this time of grief. My mom passed on Christmas Eve, 10 years ago (also my birthday) so this time of year is a very special time to say your goodbyes! Love and miss you so much already; but you have left behind many special things for us to use to help soothe our broken hearts. Love you forever, I'll like you for always, as long as I'm living, my true friend you'll be! Love always, Dixie

I enjoyed your son Jeff’s family for years. I met you a few times and could see why you had such a good son.

In so many ways, I felt as if Louise was my other loving mother. My mom, Iris, and Louise watched after each other for many years. Walking into her home felt as familiar and welcoming as if I had truly "come home." And that's the warmth and love that Louise shared with so many. Besides the fact that both Iris and Louise shared the same maiden name, Moore, but different families. Growing up in Golden Ward, I was blessed to know so many of what we now call the "old timers," and have them as my teachers and mentors. Louise definitely was the cheeriest welcome to our ward. She also welcomed our Daughters of Utah Pioneers into her home for a few years, until the

time of Covid. DUP was a blessing as I got to know Natalie White, Louise's great niece. Our "camp" of ladies was sad when Louise needed to move to Utah. However, we knew it was for the best. We stayed in touch with cards and phone calls. I'm especially grateful that I was able to talk with Louise just a few weeks before Christmas. I have many wonderful memories and stories shared by Louise. Since she left her home, I have missed the delicious bags of apples she would share with us. They made the best pies! Thank you Randy, Laura, and Jeff for letting us share your mom! She is missed by many! Love you, Louise!

Randy, Laura, Jeff and families we are all so sorry about the loss of your wonderful mother. Aunt Louise was so special, she was a hallmark of our family. She was pure joy and happiness, a sparkle of delight. I will never forget her smile and laughter. She was truly the start of Christmas Season to our family because she was the most prompt person in sending out her Christmas cards. I will certainly miss that first card of the season. I loved getting a phone call from her. She would always say “Kelly June, this is your Aunt Louise.” I will miss her. She was so special. I pray for each of you because I know she was a huge part of your lives. Love, Kelly

Sorry to hear about your mother's passing. She was one of my greatest friends. What a lady! My kids all loved her too. She was such a people person. I just came to stay with my daughter in Orem, UT so tried to come to the funeral. I couldn't quite get ready, so we watched thru Zoom. Very nice. I look forward to seeing Louise on the "other side" soon.

Just learned of Louise’s passing. I knew her and Arnie through King Soopers pharmacy where I became good friends with them. I met Laura and Jeff at a birthday party for Louise if I remember correctly. What a wonderful soul and I will never forget her! I know she is dancing with Arnie in heaven. I’m beyond grateful to have met her and spend some time with her on occasion. Deepest condolences to her family.
