Luke Scott Perry

August 29, 1978 ~ October 21, 2023

I am very sad to hear the passing of Luke. He was a good man. I am grateful to have the opportunity to get to know him and work with him. He was such a great person and he was always willing to help. We are going to miss you very much Luke.

My dear friend, I am so sorry for your astounding loss. Luke was a good man, and was always helping other people in the ward we shared. I feel your pain exquisitely, as I lost my sweetheart 5 months ago. May the Lord be a constant companion during this trial. I love you Dear.

When I saw this posted on facebook I felt a deep ache in my heart. Luke was one of the kindest people I've EVER known! I moved into his family's ward in high school and we became good friends. I remember walking home from Cottonwood high school with him most days. He would try and help me learn how to tell a cars make and model just by seeing the back of it as he drove by. At the time, I had no idea how he could do that. I'm sure he got his big heart from his Dad. One day I was late for school and had missed my ride. My mom refused to take me. I called Luke to see if he could pick me up but he had already left. His dad who took the call said "I'll be right there." It made my mom so mad LOL but I was overwhelmed with the kindness shown. Luke was the very same way for everyone around him, stranger or not. May God's peace and comfort be with your family.

Tennille words can’t even express how much my heart hurts for you and the boys. I am so very sorry for your loss. I never met Luke, but he was always in the background of our vent chats and I know he always had wise thoughts on the subjects we spoke about. Know that I am here for you in any capacity— need to chat at 1am? Need a Florida get away? ANYTHING I can do, I’m there for you!

Luke remains one of the kindest, most thoughtful persons I have ever had the honor of knowing and loving…a Wonderful nephew who set an example for my own children to follow. One story he may have failed to share was when he was a young teenager, visiting us in Idaho. He was caught fishing without a license and had a mighty struggle trying to prove to the Fish and Game Officer that his name really WAS Luke Perry and not a pseudonym he borrowed from the actor of the same name. It was one of the few times I truly saw him sweat and we all had a good laugh at his expense. I will miss him tremendously and am deeply saddened by the loss his loved ones are feeling. I will Always love Luke and look forward to the day I can stand in his presence again.

I went to school with Luke from Twin Peaks through Cottonwood High. I didn’t know him very well but I remember him being a very kind and likable person. I am so sorry for your loss, may your family receive comfort and peace during this difficult time.

I only met Luke once through my employment in the Church. Luke and his team came by my work to assist with some of the Church's software. Luke immediately impressed me; he was so kind, very funny and patient as we worked together to troubleshoot problems with the software, and after spending the day with him he very gently told me, "I think you're in the wrong career field, you'd be great in IT." That completely changed the trajectory of my life and I'm now enrolled in becoming a software engineer thanks to his quiet, but necessary prod. I always meant to send him an email him to thank him for the push, and I now regret that I never did. My heart and my prayers go to his family and those who rubbed shoulders with him.
