Sending our sympathy and love. Aunt Lydia was always so kind, loving and welcoming. I remember many visits to their home growing up and all the good times we had together. I'm sorry we couldn't attend her funeral but appreciate being able to view it on-line. Our thoughts and prayers are with you all. Love Holly and Rob Schley

Our family visited the Richard place each summer during my childhood. I remember being served fresh fish, marveling at the flowing river in the backyard, Lydia so very lovely, and fun times playing games with cousins.
