

Lyle Ralph Jackson

March 17, 1925 ~ February 3, 2021

This is Bertha Hall. I want to extend me and my families empathy. What memories it brings back, when your kids and our kids were growing up, and doing things together. Your Dad was still sending me Christmas cards, even this Christmas. He was 96 and I beat him , I will be 99 in April. Love you all, Bertha and family.

I have fond memories of Ralph. He hired me upon graduation from engineering school. I spent my first few years working in his mechanical design group at the Kennecott Research Center. I appreciated his mentoring and humorous personality. My condolences to his entire family.

My love goes out to all of you at the passing of your father. He was an extraordinary man. I have so many great memories of our association with your parents, as well as with all you kids. Your Dad helped me so much when I was a greenhorn Gospel Doctrine teacher. He always knew where to find what I as looking for. He also taught me his method of memorizing and I have used it often. However, I am not as good at it as he was. I admired his honesty, his hardworking attitude, his sense of humor and so much more. I hope you know how special each of you are to me. You have a great heritage! Love, Norda

I had great respect and admiration for him and your sweet mother, Arlene. It was a blessing to have had them as friends and neighbors. God bless all of you! Connie Barlow
