Lyman, we are going to miss you so much. Since I was a child I loved seeing you over the fence, your random songs, your mechanical abilities. I'll also never forget the time you rescued us after my dad got lost and broke down on some dirt road in the middle of nowhere. The back of your old blazer was amazing that day. I look forward to seeing you again someday and hopefully I'll be on your side of the fence when we catch up. Rest in peace.
