

Lynda Lewis Hansen

November 7, 1951 ~ January 21, 2026

How nice to read Lynda's own words today. I will always remember her as one of the most cheerful women in our neighborhood, and such a kind friend to my mom. Our condolences to all of the family, death of a loved one is so hard but I hope you can find some comfort from God. We appreciate the suggestion to send donations and have made one in Lynda's name to Utah Parent Center.

- Emily Smith

Sorry for your loss! Very hard to lose your parents! My mother passed away in the month of January to!

- Lee Nielson

Lynda and Wayne Hansen were wonderful friends who quietly went about doing good and generously helping others--especially young men embarking on missions, which will always be remembered and appreciated by many. Their home on Crestridge Circle was a Christmas spectacular in lights and decorations and people came from all over to drive by and see the wonderful Christmas spirit they shared. When they moved, they were surely missed. We send our heartfelt sympathy to Lynda's family.

- Tom and Mary Chidsey

Lynda was one of the most authentic people we have ever known. She influenced and blessed many lives through her love and compassion, especially for those with disabilities. We enjoyed so many special times with the Hansen family. Playing at Lake Powell was one of our favorites! We loved watching her face light up as she rode on the SeaDoo!! She always said that was one of her favorite things to do! Watching 24 in the theater room was so much fun! Going out to dinner and playing games together were just some of the many fond memories that will stay with us forever! Thank you Lynda, Wayne and the whole Hansen family for being our very special friends! We love you and are so grateful we can continue these relationships into eternity!
