I loved this Guy! What a great and humble Bishop he was to me. He Married My Wife and I. I will forever be Greatful to him.

I have never met a more soft spoken self assured professional as Lynn. His quiet demeanor spoke volumes of his deep devotion to the patients he served. I will always cherish our many conversations about family and life and now as I look back what a treasure to have had private moments with someone I have truly admired. Heaven is a better place, Rest In Peace.

I cannot believe that our Super Hero Lynn is gone on to another work. We will miss his presence and his ability to make everyone welcome, and happy. He has always been a piece of the UHF and it will not be the same without him. Our prayers and hearts are with you and your family at this time

To Bev and Family, Molly and I were saddened to hear Lynn passed from us. He was liked by all his peers and customers who he dutifully served in his career. His love of family and friends was what stood out in knowing him, a fine man and will miss him.
