To Maggie's Family, I never knew Maggie, or any of the family. I am connected to Jennifer only through Facebook. But I have not been able to get the family out of my mind, since I heard about this. I can not imagine the grief any of you are suffering after this tragedy. Just know that my thoughts and prayers are with you all. Sincerely. Cory

My dear friend, I am truly sorry this has happened. Last week another dear friend of mine lost her 17 year old son in an accident and the emotions I felt were high...I cannot imagine what you must be feeling. I cannot imagine what more you are to handle. You have been through so much! All I can figure is that God knows how extremely strong you are. I've always felt you were. If there is something I can paint for you at absolutely no cost, that will help you, that reminds you of your sweet girl...an animal, flower, butterfly etc. Let me know. I would be super happy to do this and send it your way. I'm so sorry I could not be there in person to give you a big hug, but you will be in my thoughts and prayers. Love you friend ■ truly heart broken.
