

Maggie Arianna Gresseth

August 18, 1971 ~ July 13, 2022

Maggie had a 'joie de vivre' and always loved life, despite her struggles with her illness. Her smile, her kindness, and her love touched us all. I'm grateful she was in my life and going forward I will try to honor her memory by sharing her kindness, love, and compassionate spirit with others. Maggie will always be in my thoughts. ♥■

- Delia Reece

My dear sister and friend. I'll miss you terribly and will keep you in my thoughts always.

- Cecily D Novak

I'm broken to hear that dear sweet Miss Maggie died. She was such a light to work with for years - and I considered her a dear friend. She spoke often of her love for family and truly cared for those around her. Love you always Maggie!
