

Marcus "Mark" Eugene Sedwick

January 4, 1963 ~ January 27, 2025

I'm sorry to have never met Mark, but have known him for a long time by way of SEIV. This is the first picture of him I've seen, and he very much resembles someone I know here at American Legion #74. I will miss his correspondence.

- Neal Davis

When I look back on friends that have past, my heart fills with joy because virtually all my memories of my past friends bring a smile to my face. I am glad to have been a small part of Mark and Jen's many online friends. He will be missed but never forgotten. Thanks for the wonderful memories, and Jen, focus on the good memories and soon enough you too will feel a smile sneak onto your face. Love is the one thing I can guarantee transcends this life. Be well and stay safe. <hugs from this Canadian Friend>
