I already miss you so much gma!! Love you most and give my bruda a hug from me.

- Abra Odle-Stone

Margaret was a dear friend. She was an elect lady who carried herself with dignity and grace. I had the privilege of being her visiting teacher and was always welcomed into her beautiful home with kindness. I will miss her friendship and our conversations. To her sweet family, may God's love surround you with loving peace and may you be comforted in your grief. Sincerely, Lila Hutchinson
