Though I did not know Margarita well, I was able to work with her on the 2020 Census over part of the last couple of years as part of a New Mexico-Utah team of people doing community engagement work. This is pretty devastating news, though I know that the family has so much to cherish in remembering her life. Rest in Peace Margarita.

Dear Margarita, You leave a void in our hearts and souls. You taught me to always be a champion for our communities your example and legacy will live forever. You taught me not to give up, to keep going no matter the pain that this works caused us. You believe in me and taught me to believe in myself. Thank you for crossing this path we call life. Thank you for always answering my calls and for the heart to heart conversations. You are truly missed my dear takoua. May you rest in power and peace in paradise.

My deepest sympathy and condolences to the Satini family. I had the pleasure of meeting Margarita when I lived across the street from her family. She was always so very sweet and kind and fun to talk with. May she rest in peace and may perpetual light shine upon her.
