Margo was my best friend as we grew up on Capitol Hill and later at South High together. I'm glad to know she has a wonderful family.

I am sorry to hear about Margo. We grew up together on Capitol Hill attending Lafayette Elementary. We spent many happy hours roaming the capitol grounds and attending primary together. Our friendship renewed later at South High. My daughter Nancy Poulsen was friends with her in Logan also. I wish we had been in touch in later years. Much love to your family. Love. Susan
