I was so glad I could get to know Aunt Zeze (as my Mom Nancy, her niece calls her) and Uncle LeRoy. She was so generous and supportive of me throughout the years of my college education. She was so caring and I looked forward to each time I saw her. She was just lively and loving, and I aspire to be like her in that way!

Dear cousins, my greatest condolences to you. Your mom, our Aunt Zeze, was a bundle of energy, living life to the fullest. My dad greatly loved her, every year he made sure to go see her at Christmas time. Mailing a card wasn't good enough. He had such fond memories of her when she first came to this country. He was a teen, and she was

always encouraging to him and took time to talk to him about his life. She showed us how to live life to the fullest because she found the world so interesting! I recently asked her, how she had so much energy and kept doing so much. (She walked like a 40 year old at 96!). "You make your plans for the day and you make yourself do them!. Once you start you keep going." You make yourself! I have thought about and honored that statement many days! We will miss her vivaciousness, her enthusiasm, her stories, and her love. She left those for us in memories and she's taking them with her in spirit. May you feel comfort in knowing how many lives she touched, and in the reunions that are occurring for her. Lots of love, cousin Nancy
