Prayers of love and comfort on the passing of your mother.

- Norma Runia

Brent and Kami, Our condolences on the passing of you mother. Our thoughts and prayer are with you and your family at this time. Robert and Krista Monson

When new neighbors move in you never know who you will get because you don't get to choose. We were blessed to be neighbors to your family. We grew to truly love and admire them and their kind hearts. Your mom particularly had a soft spot for Puggs our little dog and was always spoiling him. It is a beautiful thing to know about the great Plan of Happiness. May the knowledge of eternal families bring you peace.

- Kirt and Joyce Yingling

My deepest condolences to all the children and grandchildren of Marian. Her passing has broken all of our hearts. We really enjoyed her and we are forever grateful for everything she has done for us and for being such an amazing person in this world. Victor, Mila, and Milangel Ruiz Jiménez
