

Marian L. Kimball Dunn

February 15, 1937 ~ November 11, 2020

Such wonderful friends for over fifty years. we have raised our families together in the gospel and traveled many parts of the world. Marian and Garry are more family then friends. We look forward to being united again. We treasured the stories of her family life growing up. you are a part of my life that can't be replaced. We love and will miss you.
