Marianne was one of my best friends when we were seniors at Olympus High School. We had soooooo much fun, along with our other friends! As members of the Pep Club, we cheered at games, and "cruised" State Street afterwards, waving green and grey pompoms out the car windows! To celebrate graduation from Olympus, we stayed a few days at my family's little cabin in Emigration Canyon with Karen McPhie and Bonnie Kimball. Because there was no refrigerator in the old cabin, we kept our food cold in the creek. However, each time we went to get the food, som had disappeared! After finding large "cat" prints nearby, we soon solved the mystery! But, we certainly didn't let that deter us! We kept right on having so much fun! Sweet Marianne, I will miss your cute giggle and your sense of adventure ..... until we meet again! (And, I know that we will!). Diane

Marianne. The name Vanroosendaal is a standout name in the community. Furthermore in law enforcement. I love and totally respected everyone of you. God bless your mom.■■❤■
