

Marilyn (Catt) Griffiths Alleman

May 5, 1951 ~ March 27, 2022

What a beautiful description of “wildflower” Marilyn. I met her in Las Vegas when she lived next door to dear Don & Peggy Welch. We both had children the same age & we instantly became friends. I will never forget her smile and laugh. She was such a vibrant, full of life gal. I am so thankful to have known her & I will cherish all the memories. Sending all my love to her beautiful family. ❤■❤■❤■ Shelly

My heart is broken. I loved Marilyn and remembered the many times we spent together in the Kappa House. We shared many experiences and lots of laughter together. She was truly a burst of joy and sunshine. I was so glad she married John because I knew how much she loved him. She adored her children and was so proud of each one. I pray that your sweet memories of this amazing lady will help ease the pain of her passing.

Marilyn was one of my first friends when we moved into Las Vegas from Nellis AFB. We weren’t even old enough to be in kindergarten at the time. She was a few months older than me and would be a year ahead in school. I loved going to her house, which was just across the street and down a couple of houses from ours. We would spend time playing records on her record player and doing the things kids do like playing in the water on hot summer days. I

followed her up through elementary, junior high and high school always with a quiet friendliness until she went off to college at U of U. A few years passed before we connected again in Provo. A tragic accident had injured her and caused deep emotional hurt in her recent past but she had met John and was healing. She was living around the corner from me and I would drop by and she would tell me about her growing love for John. It was good to see her happy and progressing. Life happened and our ways separated without contact for many years. I was pleased to find her again living in SLC. We were living in Washington but occasionally came to Utah. We had communicated some on Facebook and we found that we were both avid fans of felines and shared a few stories about our beloved pets. That she went by Catt was not surprising. Her special love for her black beauties and her garden came out in those communication and was not surprising to me. Having moved back to Utah last year, I felt the opportunity to get together and share stories from our lives might present itself. That meeting and conversation will have to wait. My deepest condolences to Bill and Ann. My sympathies to John and her children. You likely know, even better than I, what a special person Marilyn was. The world is more empty without her wonderful spirit here.
