

Marilyn Joyner

September 8, 1942 ~ February 19, 2025

I was surprised and saddened to learn of Marilyn’s passing. I met Marilyn at East High School in 1958, when she became a dearest and treasured friend. We dated for a couple of years, during which she had a profoundly positive, calming, and steadying influence on my life. I loved Marilyn and her family — even extended family — and have always cherished that season and those connections and associations. I pray for God’s peace and healing to be with Susan and extended family members and friends who loved Marilyn and will miss her.
