Connie, Vicki, and family - I have fond memories as a young child coming to visit Aunt Marilyn and the fun we had sliding down the stairs. I will remember Aunt Marilyn as a beautiful person inside and out. Dad has shared how much she did for him throughout his life, especially when she took over as a young woman, to help the younger sisters and brothers, when their mother died. He is forever grateful to have such a wonderful sister. May your hearts be filled with wonderful memories, as you celebrate her and the love shared during her life.
