

Marjie Beth Bunnell Peterson

August 28, 1945 ~ February 23, 2022

Dear Family, Wanted you to know of my love for Marjie. I had an opportunity to serve her when she was very ill. We became very close. I appreciated her faith and positive attitude. She was always generous. Happy just to have known her. Dear Children you will be blessed for your care of your Mother. Sincerely Maralyn Scott

I was saddened to come across Marjie's death date in familysearch.org. When we were children and teenagers, her father used to bring her and her siblings down to visit us because we lived in the Leslie and Ellen Bunnell farmhouse (Variwood), and Alt had spent a lot of his childhood there. I believe Uncle Lamond and Aunt Lavina lived in the creamery/granery (it had a big living area) for a few years when Alt was just little. I really liked Marjie and we had fun exploring the farm and the granery when they came down. We used to banter that she was the "city cousin" and I was the "country cousin."

In 1977 my husband Alan and I traveled from Germany to Paris with Dennis and Marje and one of their sons. I have pics and wonderful memories. I miss them. If interested you can contact me.
