

Mark Horne Lundgren

March 26, 1955 ~ November 28, 2021

Nancy - My most sincere condolences to you and your family. Mark was genuinely nice person with a big heart. He and I had a lot of good times and hearty laughs, particularly in Telluride for the infamous harmonic convergence. A great time there, actually. He will be truly missed. Kindest regards, Dave

- Dave Svikhart

I met Mark in kindergarten. We grew up together, swam together, did naughty things together (his mom blamed me for being a bad influence). My parents gave me a guitar (remember Green Strike Stamps?). Mark and I would occasionally play together. He turned me on to Robert Johnson, Blind Lemon, Lead Belly, Flat and Scruggs, Doc Watson...to name a few. I left at high schools almost end. We connected occasionally afterwards. Mark had compassion and interest in affordable housing for everyone that I've never seen in any other individual. Purpose and conviction, music and love...these will continue to be my lasting lessons I learned from knowing Mark. Good bye for know old friend.

- Todd Cameron

Tara- I am so sorry for your loss! Hope you find peace knowing his suffering is over! Love you!
