I just loved working with Mark. He had a heart of gold and will be missed. Our thoughts and prayers go out to his family and friends. Lots of Love your way!!

My heart is crushed for Suzann and the family and my prayers are with you all at this time. Reading this brought tears to my eyes, he always sounded like he was one of a kind and this was written perfectly. I am so sorry for your guys loss, I mean that from the bottom of my heart.

Mark you are a great Man and will be missed. I enjoyed our work conversation, you always took the time. Your at peace now and can rest. Have fun in Heaven.

I worked with Mark at Associated Title and First American Title and was happy to have known him as a co-worker and friend. He was always so helpful and patient with all of my questions. I hope you as his family are able to embrace all of the wonderful times you were able to share to help you through the hard times ahead.
