It saddened my heart to read your post about the loss of your mother. The dearest woman who brought you into the world is now gone. I'm sure her gentle spirit will live on in the hearts of all of her children. My condolences to you and Teri and to your siblings.

We met Marlene (Red) at Welcome Home when my mom Barbara moved in a few doors down from her. She was so sweet and welcoming and made my mom and our family feel right at home. I loved her smile. She would come and visit with us when I was with my mom. She was always so glad to see me when I came. We loved her so much. She made us feel like family. She would come sit in my mom's room and visit with us. My mom loves animals too, I was so grateful to see them just chattering way like they'd known each other forever. She will always hold a special place in our hearts, even though we only met her in July. We're so sorry for your loss and so grateful for our memories with her.
