

Marlies Kramer (Oma)

November 1, 1940 ~ July 28, 2021

Marlene, I'm so glad that we got to work together and I got to hear sweet stories about your Mother...You were such an angel and I am sure she is so appreciative of your service to her...There is nothing that will replace the love of a Mother and I am sorry for your loss...I am glad we get to be reunited with our loved ones, that helps a little... She will watch over you and your cute family.. We love you. Love Bobbi & Storm

How do you say Friend and Family in one breath? When we think of Marlies and her husband Fred, that is what we think of. We were so sincerely close with them both, that we considered them our family. Many things happened over the years which brought sorry to both parties. Many countless happy joyful moments and days spent as well. We enjoyed the foster kids as they did with all of the problems they had. Terrie and Marlies would spend weeks with them camping at the Timponee Campground with both foster kids and our own. She will be remembered as

a real Saint for all of her work and understanding of this world. She will be missed by us both. Sadness and Sorrow today only to be joined again some day. Terrie and Farrell send our condolences in a very touching way.
