Marvin was like a second Father to me , and a role model of great father to my so Bo. He was truly one of a kind such a genuine human being a GIANT in leaving people feeling a little bit better than they were, everywhere he was going. I still remember our friendly conversations his good cheering laughter and Bo and I will miss him so much. I am finding comfort knowing that he is still alive the difference not in physical body. We will always remember him a year ago Bo shifted from soccer to basketball. He is hoping that Marvin someday would see him performing I rest assured that he is still here with us. We just can't see him with our physical eyes. He so loved all his family , what a GREAT man. Now he is reunited with his beloved wife. All my sincere condolences to all his family for Marvin's transition. I am so glad my son and I had a privilege to meet with a visible angel and that is MARVIN DEAN ASH.
