Sincere condolences for your loss of Molly . She will be sadly missed I’m sure. My thoughts are with her family at this sad time.

Sorry for your loss.

We loved Molly, her quick wit, spunky personality, beautiful accent, and lovely testimony. She was a joy to talk to, loved to laugh, and always made us smile. I’m so glad we got to know her in our ward and neighborhood. Such a wonderful lady! She will be missed!

Something we always looked forward to was having Molly in our home! She had her own special way of being salty and sweet, with a constant touch of class. I would love seeing her beautiful scarves and latest QVC finds. Her appreciation for the music at church was always wonderful to see. Many times she would say, “Oh good - you’re playing,” always remembering how nervous it makes me. She made me want to try even harder. Rest well, Molly — you were and still are “brilliant!”
