

## Mary Kaye Reynolds

*May 31, 1958 ~ October 22, 2025*

---

For the past several years I have followed your Mom's many trips to different places. I was quite surprised by where she traveled and the details she shared about those places. My favorite was her description of riding past the Taylorsville Temple. She boldly and bravely bore her testimony of the truths of the Book of Mormon and of Jesus Christ. It was beautiful . Thank you Mary Kaye!!!

I was sad to learn that Mary Kaye had passed away. I am Mary Kaye's first cousin on the Marchant side; we are the same age. She was always friendly and caring. I was happy that she was able to serve a full-time mission and enjoyed reading her updates on Facebook. I'm sorry I wasn't able to attend the funeral since I was traveling. I have watched the services and enjoyed hearing the moving tributes to her life. May your family have comfort at this tender time. Louise Marchant Hartvigsen

I'm sorry I just became aware of MaryKaye's passing. She was an excellent nurse and human being, and a great example to me. I never met her, but I worked remotely with her as back-up for her missionary work in Ghana, and I will always remember her. The Lord took her when He needed her, with only a short time for everyone to say "good-bye." When I think of the millions of beautiful African children who passed from malaria and other diseases before they were even five years old, I know where MaryKaye is needed. I think she is very happy.

I knew Mary-Kaye from our trip to leaf-peep in New England in autumn 2022, where we were room mates on the trip. I have such fond memories of bicycling together, swimming in every pool we found, and from her trip over to the UK to visit me. I'm so sad to hear of her death, I hope it was peaceful and painless. She loved her family so very much and wish you all the very best.

We have been so heartbroken as each day passed and Mary Kaye's condition grew worse. How grateful we are to have been able to associate and learn from her, enjoying her spunky nature and love of travel. She taught us many important lessons and was always willing to serve. May you always know that her presence will be remembered as loving and joyful. And she will be cheering her family on from the heavens. Much love, Brian and Kathy Withers

I had the privilege of meeting MaryKaye at West High School when she was in the Pep Club and I was the Pep Club Advisor. Back then she had a sunny disposition and was very loving and smart. Then years later, when we both lived in Taylorsville, we would run into each other from time to time. She was always sweet and uplifting. It was fun to catch up with her and her family, especially since our son Paul was a friend of Todd's. We are sending our love and prayers for your family. MaryKaye was always a good example and a great disciple of Jesus Christ. I'm better for knowing her.

Mary Kay and my mom (Linda Terry) have been friends for a long time. They also served in the Relief Society presidency together. When my dad was in his last days of Pancreatic Cancer, Mary Kay would come down and have little picnics in my mom's front yard. I thought that was such a sweet idea. Mary Kay was a great friend, supporter and human. ❤️🖤

I met Sister Reynolds in Takoradi, Ghana. She was the Health Advisor to the Missionaries. I remember the dedication she had towards her missionaries to have a dental appointment. I remember her peaceful smile. I remember the shock on her face when it rained all day in Takoradi and the roads were flooded. I recall her goodbye, saying she's traveling back home for a medical treatment... My prayers to her family. May the Lord strengthen you in this time. Rest well Sister.

We were so sorry to hear of Mary Kate's passing. She helped deliver our twins and our oldest son is friends with Todd. We were at many baseball games together. May you all be comforted knowing she was a great person. We're sure she will be watching over you.
