Thanks Mary Lou for all of your tender care of our children as they were growing up. You are a delight to know and learn for. Now, you're off to better pastures and reunions. Give your Mom and Dad a hug for us. All of you were such a staple of our ward and neighborhood.We will remember you fondly....Love

Mary Lou was a bight light in our lives. She was so attentive to our family and watched over our children for many years. She came on trips with us and to birthday parties and excursions to the zoo and park. She was fun and delightful with the children. She had angels watching over her - truly without guile and pure in heart. Our lives are better because we knew MARY LOU! ♥■♥■

I've enjoyed visiting her and hearing about her funny, quirky stories growing up. I remember her having a strong spirit when we would visit her as kids. Truly a remarkable woman who will be cherished and remembered forever.

We loved Mary Lou's sweet spirit She enjoyed eating breakfast with us and playing hand games with Gordon when we got there in time to do so. She was usually close to finishing and would make a point of joining us before leaving. She enjoyed our visits. She was a very determined yet patient and loving woman. She was so happy with anything you did for her. We will miss her but know her reception with family members has been glorious and sweet. She was faithful and loved the gospel deeply.

Mary Lou was one of gods angels assigned to earth. I will always be grateful for the tender care, patience and kindness that Mary Lou showed me as a young child.

I will always be grateful having Mary Lou enter into our family's lives when we moved into the Monument Park 2nd Ward with 3 young children. She became a loving influence & trusted babysitter helping out often. Along with the Hatch family across the street from us we also had many occasions & memories of great times together. She is an "angel" , ever purely giving love and support to those around her. I'll always remember her sweet support of me when I had my mother living with us and in the process dying after going off dialysis. Mary Lou: always kind, always offering a spirit of hope & love. She was also fun in helping our little ones ♥■ She even came to our family Halloween party one year dressed most appropriately as "Mary Poppins" ■ What a most wonderful reunion she is having with her remarkable Mother & Father who truly were loving examples to her and all of us fortunate enough to have known them . Sending our love, Mia, Thayne , Kajsa and Traeden
