Those we love don't go away. They walk beside us everyday. Unseen,unheard but always near. So loved,so missed,so very dear.Mary touched so many lives in the very best way. I'm grateful I gat the chance to know her as both colleague and friend and I'll keep our memories in my heart forever. Sending love and prayers to all of you during this tough time.

The passing of Mary was not only a shock but a heart break. She was always quick to lend a helping hand while entertaining with good stories filled with spunk and humor. I love her kind heart and humble inclusiveness- blood had nothing to do with her claiming you. Propriety and kindness (although she could verbally clobber and put you in your place, if need be) were her most exercised qualities. I was so lucky to have been befriended by her and treated like family. Her example has left an imprint on my heart that will ripple as a change for good in my life. My deepest sympathies to her family and loved ones during the graduation of this dear lady. -Karen Zitting

I have known Mary since she was a CNA at Salt Lake Regional. I was so happy our paths crossed again when I took a job at Riverton Hospital - because not only was Mary one of the smartest and most capable nurses I have ever met, she was also a loyal and real friend. But of all her roles, I believe she was most proud of being a mom - she lit up when talking about her kids and grandkids. I hope her family knows how much she loved them and how proud she was. Deepest sympathy to all those who knew and loved Mary.
