

Mary Pyper

March 10, 1930 ~ January 2, 2026

Dear Pyper family Family Love you all so much as my own. And, Clark does as well Your parents were our best friends and mentors. What a blessing it was to live isolated from our families, and to have an adopted family to help us through life as we were both the babies Mary was my roll model, and high standard to equal Erik is Clarks clone. This Christmas he sent me Sees Chocolates, such a reminder of Pyper/Gunson Christmas gifts My heart was so bumpy and sad because I couldn't be with you to celebrate the blessings of Mary. Love her always Loved seeing and hearing you all remotely HUGS
