I want to express my heartfelt condolences to Auntie Mary's family. My Auntie Mary Pearl was an amazingly kind, gracious, funny and true Southern Belle. She had a smile so bright, that whenever she walked into a room it would just light up with her presence. She loved and helped so many people during her lifetime, including myself, and I was so fortunate to keep in touch with her all these years. I will always remember her stories about growing up in the South – so special. My favourite saying of hers was when she was driving and we'd get to a stop light and she felt we were sitting there too long she'd always say, "it's my turn y'all" and then amazingly the light would turn green. My memories of her will always hold a place in my heart forever. Rest in Peace dear Auntie Mary Pearl.

Aunt Mary always called me her little baby. I was a toddler when she married Curt and she decided I was hers. She showed me so much love and I feel guilty that I lived so far away and couldn't support her more. I love you Aunt Mary.
