There does not exist a more beautiful or precious soul than McKall. Amy and I talked about this many, many times. Her loss is devastating to our whole family and all who knew her. It is my hope and prayer that angels will surround you during this time and that you will feel of McKall’s love for you to the depth she would want you to. We hurt so much because we loved so much. Never stop loving!! It is the most priceless gift. McKall was the definition of LOVE and the perfect example of living life to the fullest and in service to others. I will try to live like McKall and honor her for the rest of my life. I love you with all of my heart Amy, Don, Jesse, Amy and Andy and McKall ❤■

Dear Emery Family, McKall was the first neighbor we met in our new neighborhood. She was in the front yard walking her cat on a leash. Because we we’re also cat owners, we had a lovely visit with her about our pets. She was delightful. We are so very saddened by your sudden and tragic loss of McKall. Please accept our deepest sympathies.

- Brad, Annie, and Chandler Berrett

- Sue Olsen

I am so shocked and heartbroken. McKall was hands down the funniest person I've ever met. Though I've only seen her a few times over the last few years, we were inseparable in middle school and she provided me with some of the absolute best memories of my childhood. Her amazing, contagious laugh and creative ability to always make every situation so fun will be so, so missed. She was a beautiful, vibrant soul and I will always cherish the time I had with her.

- Margot Wolfer

I work at Bella Vista Elementary. I did not know McKall very well, but we always greeted each other in the halls. She always had a smile on her face and had a very positive vibe. I am so sorry she left so soon. We will miss her sweet smile and presence at school.

Dearest McKall, My in-person memories of you are mostly from your childhood years. As your beloved mother’s cousin and close friend, I witnessed your precious evolution over time at childhood birthdays and England Family Christmas parties. The last time I saw you, we spontaneously ran into one another at the Heart/Joan Jett concert in August of 2019. I recognized you immediately and joyfully approached you, fully expecting that I’d need to remind you of who I was given we had not seen one another for so many years. To my sincere delight, as I approached you your eyes instantly lit up with enthusiastic loving recognition--and in that moment you effectively communicated your abundant loving Presence to the very core of my soul. Knowing you has truly blessed me and I trust you are now radiating the Love and Joy that you are in the new realm you inhabit. Much Love, Rhonda

I am a coworker of McKall's at Bella Vista, and loved her. She definitely had a way about her, always so confident and spunky! I loved chatting with her on the chances I got to do so. She made me feel like I had a friend and confidant when I had hard days with a work issue, and I knew I could talk to her. I came to the viewing today, she looked so beautiful, it's so hard to believe she has passed! I'm so glad I had the chance to have her in my life, if only for a little bit! Thank you for for letting your light shine Kall! Love you forever!

- Kerrah Van Dorn

I your family will miss her so much and everyone else she touched a lot of lives in her short life. My heart and prayers go out to your family. Love Sheila Ray Ray
