Amanda, I'm so sorry for your loss. My last memory of your Mom was when I was in college and Grandma and Grandpa took me to a baby blessing for Greg's son and your Mom was so nice to me. Was great to see everyone that day! I also have happy memories of going to visit you all in a log home your Dad built in Draper? I've driven past a log home there and have wonderd if that was the house? Was such a cool place! If there's a funeral, I now live in Alpine and would love to see you all.
