

Melvin Grant Drage

September 12, 1936 ~ July 23, 2025

Oh Melvin what fun we had growing up, especially driving back from California! I remember laughing so much, it seemed like anything was an excuse to start laughing. I'm sure it was annoying to uncle Grant(the driver),but he seemed to tolerate our fun much better than Than I would today.I loved you guys (mostly Bonnie because she was having such a good time also),but you were like a big brother to me. Thanks so much for the wonderful memories and time hope to see you soon.? Sincerely cousin Gary

- Gary Taylor

Dear family of Melvin, We were sadden to hear of his passing. We visited with him several times at his home. And had some fun times together with the extended family at Easter Hill and other picnics especially in our growing up years! We were unable to attend his services. May your memories be sweet and ever lasting. Much sympathy and love Joe & Susan
