

Merrill G. Paskins

October 22, 1926 ~ December 3, 2023

My Grandpa was such and amazing person. I remember listening to his war stories and him showing me all of the little things he had saved from that time of his life. Watching him and grandma dance together brought a smile to everyone watching. He taught me so many things about life. Things I'll never forget and that I will hold close to my heart. I'm so happy that he is holding grandma's hand and they are together again.
