Our sweet children….having a trans grandson, I know that the path they travel is not an easy one. Sending you prayers and love.

- Julie Davis

Mike and Kat, Jules and I are heartbroken to hear this awful news. I remember meeting Micah before I met you two near your first SLC house at the mouth of Parley's. He was so outgoing and happy to be introduced to the other kids in the neighborhood. I remember the Memorial Day camping at Red Canyon and all of the kids running around having a blast in the red dirt. We ache for your loss. You have our love.

- Lon

Our hearts ache for a life gone too soon. May she rest in peace and her loved ones find strength in her memory.

- Flink Family

Mike, Kat, and Kaia, my heart hurts for you. Sending my love and sympathy. I have such fond memories of all of you. Although I didn't get to know Faye I remember them as a sensitive kid who loved animals and felt deeply. Love you.

- Sarah

She was a beautiful soul that only ever was there for others. I wish I could've been there for her too. She deserved a full and happy life, being surrounded by her loved ones.
